A diagram illustrating the dependencies between three C++ header files. The files are arranged in a triangular layout. The top file is `/_w/GQCP/GQCP/gqcp/include/QCMethod/CC/CCSDEnergyCalculation.hpp` (shaded gray). The middle-left file is `/_w/GQCP/GQCP/gqcp/include/QCMethod/CC/CCSDSolver.hpp` (white). The bottom-right file is `/_w/GQCP/GQCP/gqcp/include/gqcp.hpp` (white). Blue arrows indicate dependencies: straight arrows point from the middle-left file to both the top and bottom-right files, and a curved arrow points from the bottom-right file back to the top file, forming a cycle.
