A diagram illustrating the dependencies between three C++ header files. The files are arranged in a triangular layout. The top file is `/_w/GQCP/GQCP/gqcp/include/QCMethod/HF/RHF/RHFDensityMatrixDamper.hpp` (shaded gray). The middle-left file is `/_w/GQCP/GQCP/gqcp/include/QCMethod/HF/RHF/RHFSCFSolver.hpp` (white). The bottom-right file is `/_w/GQCP/GQCP/gqcp/include/gqcp.hpp` (white). Blue arrows indicate mutual dependencies: straight arrows between the top and middle-left files, and between the middle-left and bottom-right files; a curved arrow between the top and bottom-right files.
