

```
/__w/GQCP/GQCP/gqcp  
/include/QCMethod/HF  
/RHF/RHFDensityMatrixDamper.hpp
```

A diagram illustrating the dependencies between three C++ header files. The files are arranged in a vertical stack. The top file, RHFDensityMatrixDamper.hpp, is highlighted with a gray background. The middle file, RHFSCFSolver.hpp, and the bottom file, gqcp.hpp, have white backgrounds. Blue arrows indicate the dependencies: a straight arrow from the middle file to the top file, a straight arrow from the bottom file to the middle file, and a curved arrow from the bottom file to the top file.

```
/__w/GQCP/GQCP/gqcp  
/include/QCMethod/HF  
/RHF/RHFSCFSolver.hpp
```

```
/__w/GQCP/GQCP/gqcp  
/include/gqcp.hpp
```
